10 AUGUST 2018

GG Tobaksvejen 2C Holding ApS (“the Issuer”) has issued Bonds at a nominal value of approximately DKK 65,000,000 with ISIN:

The Issuer requests that the Final Maturity Date of the Bonds shall be extended with six (6) months which will make the 7th of March 2019 a new Final Maturity Date.

Background for the Notification of Extension

The Parent, Gefion Group A/S has agreed to sell the GG Tobaksvejen 2C Holding ApS (“the transaction”). As the shares in GG Tobaksvejen 2C Holding ApS constitute transaction security for the above bond loans and pledged in favour of the bond holders, the net proceeds from the closing of the transaction will be used to repay the loans. The closing of this transaction is scheduled early September 2018 which would enable the company to repay the loans on the original final maturity date 7th September 2018. In the event that the closing will be postponed, the company will not be able to repay the loans within the original final maturity date 7th September 2018.

Although delays are not expected, the company have after cautious considerations decided to give this Notification of Extension. Consequently, we currently expect to send Notification of Voluntary Total Redemption shortly with following repayment of the loans.
